ts chief law agent, Hon. Mike Dooley, the Southern Railway Company has offered to pay in full for all damage of Spencer as a result of the powder magazine explosion here last week. A representative of the company made a canvass of the town, after which it was announced that the raffroad company would pay just claims as they are presented. It is said that a carload of plate glass alone was broken by the explosion besides other damages. The proposition to pay the damages is regarded here as a generous offer on the part of the Southern officials.
